

Invitation to the

2022 SACA Annual Meet

October 7, 8, 9, 2022

From: Leo Weibel

To: SACA Club Members,

The Steam Automobile Club of America (SACA) and the SACA Chicagoland Chapter invite you to attend the annual SACA meet to be held October 7 thru 9, 2022 in Berrien Springs, Michigan.

This year the Meet will be held at the Fairgrounds, 9122 M-139 (Old M-31), Berrien Springs, Michigan 49103. Friday and Saturday evening, and Sunday afternoon will be at Tom Kimmel's steam shop for a tour of the steam shop and library collection. A light cook-out dinner and bonfire are provided. The Sunday afternoon and evening activities will also be held at the shop.

The Meet is your opportunity to meet fellow steam car enthusiasts, discuss technology, learn and teach, swap stories, see projects, hitch a steam car ride and establish contacts. Everyone is encouraged to bring their project and vehicle; the Fairgrounds have paved roads making operating a vehicle easier and there will be more tables to put whatever you bring on display.

As always, everyone is invited to talk about their steam projects or to give technical talks. If you haven't previously attended the meet, we would love to get acquainted, hear what you have done, are doing, would like to do and are planning to do. Being informal, we try not to be rigid when scheduling talks; they can range from a two minute personal introduction and description of your steam interests to full technical presentations lasting up to 45 minutes. Sometimes the discussions between presentations are the most productive time of all. Fifteen-minute breaks are provided during the meets for visiting with other attendees and discussing topics of mutual interest.

This isn't to say the whole meet consists of indoor talks; it wouldn't be a steam car meet if vehicles weren't running around. It's the high point of the weekend. Lots of off-street driving provided.

Besides the regularly scheduled events on Friday through Sunday, you are invited to attend a Thursday night meet-and-greet reception at Tom Kimmel's house, 5:30 - 9:00. Tom has an extensive collection of automotive steam-related hardware and literature at the shop; anyone staying over Monday can view his collection and discuss steam...or whatever other topics come to hand.

Call for papers: Let us know about your planned and prepared presentations. We will have a digital projector available.

Ken Helmick (SACA President)
964 Highlander Street
Lake Orion, MI 48362-1927
